\*\*Dix' score was originally posted as a 71 for the second round with a two day total of 140 and he was declared the winner by one shot. However, a calculation error by USJGT staff was discovered after the fact. His score was actually 72-141, tying him with Thornberry. However, both players were not available when the error was discovered so no playoff could be held. The players are declared co-champions. We apologize for the error.
